Kelowna, British Columbia, Thursday, November 10th, 1927

NUMBER 13

DEBENTURES FETCH PRICE NEAR PAR

Issue Of Five Per Cent City Bonds
For School Construction Sells
At 99.02

Owing to Monday being Thanksgiving Day, the regular fortnightly meeting of the City Council was held on Tuesday evening, when all the members were present.

Compensation To Badminton Club
Messrs. L. Hayes and E. W. Barton waited upon the Council as a deputation on behalf of the Badminton Club to ask for special consideration of the circumstances under which the Club had vacated its lease of the Exhibition Building in order to render the premises available for grading tobacco during the winter.

Mr. Hayes pointed out that the Club had gone to considerable expense, involving a total outlay of about \$500, in adapting the Exhibition Building to the purposes of badminton, and all this had to be abandoned when the Club surrendered its claim to the premises. In the circumstances, there would seem to be a just claim for a reasonable measure of compensation, either in the form of a concession upon the cost of electric light, of which the Club was a large consumer, or a supply of gravel at the new building which was being erected near Harvey Avenue.

Ald. Meikle, in reply to a query by the Mayor, said that he and City Engineer Bakerborough had examined the new premises of the Badminton Club, but, for his own part, he was not prepared to make any recommendation at the present time, as there was no appropriation available and, in order to do the grading properly, it would be necessary to carry out a considerable amount of grading and levelling.

Mr. Bakerborough supported Ald. Meikle in stating that a good deal of grading would be required before gravel could be laid down to any advantage, and he estimated the cost of the necessary work at about \$400.

Mr. Barton explained that he was really appearing for the Tennis Club, which had donated the site of the new hall to the Badminton Club. The Tennis Club had been paying about \$10 a year in taxes on its property, and the Badminton Club would have to pay about \$100 a year on its hall. When the lease of the Exhibition Building was surrendered, the Council had indicated willingness to provide a free site for the new hall, and, as this form of assistance had not been required, he thought help in some other shape should be given as compensation for the loss suffered by the Club in sacrificing its improvements in the Exhibition Building.

Mayor Sutherland said that, while the Council recognized the circumstances and was willing to do something in the way of compensating the Badminton Club, the principal difficulty was that at such a late time in the municipal year all appropriations were exhausted.

Mr. Barton suggested that, even if faced with the heavy outlays incidental to erection and equipment of the new hall, the Badminton Club would probably be able to find the amount of wages involved, if the City would provide the men and equipment to do the grading and would supply sufficient gravel to make the premises accessible during the winter months. This was only a suggestion, as it would have to be confirmed by the committee of the club.

Mr. Hayes agreed that the suggestion was a feasible one, and he emphasized that the Badminton Club had no intention of making any unreasonable demands upon the civic exchequer. Subject to the financing of the work being feasible, Ald. Meikle expressed himself as ready to endorse any plan that would extend a reasonable measure of compensation to the club, which had shown good spirit in giving up the Exhibition Building to the tobacco industry.

Mr. Barton's suggestion was favourably received by the Council, and it was agreed that the desired work on that basis, provided the Badminton Club approves.

The deputation thanked the Council and withdrew.

Council Invited To Disport Themselves

An invitation, addressed to the Mayor and Council, was received from the Officer Commanding and members of the Officers' Mess of the 1st B.C.M.R. (2nd C.M.R.) for bridge and dancing at the Armoury, Vernon, on the afternoon of Thursday, November 10th.

The City Clerk was instructed to return thanks for the invitation.

Poppy Day

A letter from Mr. E. W. Barton, Secretary of the Kelowna Branch, Canadian Legion, asked the formal sanction of the Council towards selection of Saturday, November 12th, as Poppy Day, when poppies will be sold on the streets in aid of the benevolent fund of the Legion, and also invited the Council to attend the annual Memorial Service on Sunday, November 13th.

Approval of the date for Poppy Day was given, and the Mayor instructed the City Clerk to ask the sawmill and the McDonald Garage to sound their whistles at 11 o'clock on Friday, November 11th, as a signal for the two minutes silence which will be observed at that time throughout the Empire in commemoration of the Armistice which brought the Great War to a close.

Tenders For Debentures

Seven tenders were received for the \$13,000 issue of 5 per cent fifteen-year

MEN'S VOCAL CLUB HOLDS FIRST REHEARSAL

Officers Are Elected For The Coming Season

A meeting of the Men's Vocal Club was held in the Anglican Parish Hall on Monday evening. There was only a fair attendance, it being Thanksgiving Day. Correspondence from the Kelowna School Board and from Mr. John Kyle, organizer of Technical Education, was read and the Secretary, Mr. P. Dunn, was instructed to advise Mr. Kyle that rehearsals could not be held earlier owing to the recent ban on public assemblies. Another letter being read, which had been received from the Okanagan Valley Musical Festival Committee in reference to medals to be awarded at the 1928 Festival, it was decided that the Club would present two silver medals to the Committee on the understanding that they would be awarded to vocalists in some of the junior classes.

The President, Mr. B. Lowery, reported that he was leaving the city shortly and in consequence would be obliged to tender his resignation. Mr. A. V. Surtees also stated that he would be absent in the Old Country until next March and thought therefore that his place on the Committee should be filled by some one who could take an active part in the affairs of the Club. After the rehearsal had been held the following officers were elected for the coming year, the voting in each case being unanimous: President, Mr. G. S. McKenzie; Vice-President, Mr. D. Macfarlane; Members of the Executive Committee, Messrs. R. Fraser, S. J. Weeks and Mr. H. Brown; Secretary-Treasurer, Mr. P. T. Dunn.

The members of the Club are looking forward to an enjoyable and successful season, having secured the services of Mr. Donald Macrae, as conductor, and those of Mr. T. F. Marriage, as pianist.

debentures authorized for erection of the new school building. The respective offers, all of which included accrued interest, were as follows:

Ald. Ames & Co. Ltd., Victoria	99.02
Canadian Bank of Commerce, Kelowna	99.00
Pemberton & Son (Vancouver), Ltd., Vancouver	98.27
British Columbia Bond Corporation, Ltd., Vancouver	97.87
V. W. Odium & Co., Vancouver	97.87
R. P. Clark & Co. (Vancouver), Ltd., Vancouver	97.53
Okanagan Investment Trust Co., Kelowna, and Royal Financial Corporation, Ltd., Vancouver	97.15

Being obliged to accept the highest offer, the Council passed over with some regret the local bid of 99.00 by the Canadian Bank of Commerce, and a resolution was passed accepting the tender of A. E. Ames & Co. at 99.02. The figure of sale was considered very satisfactory for 5 per cent bonds, and it shows that Kelowna stands in good repute amongst the financial houses.

Sewer Extension

Ald. Shepherd, chairman of the Health Committee, brought up the need of sewer connection for Miss Means' new boarding-house at the corner of Ellis Street and Lawrence Avenue, pointing out that the matter was urgent as there was no room on the property for installation of a septic tank system. Other property owners in that neighbourhood would take advantage of the opportunity, if a sewer was installed, of connecting their premises, he stated. Owing to the depleted state of the civic finances at this time of year, ways and means proved a knotty problem, which received exhaustive discussion. Several proposals were submitted, most of them involving a loan to the City by the property owners covered by the necessary funds to install the sewer, with the understanding that the money would be repaid next year, but they were rejected on the ground that this year's Council could not pledge next year's Council to any such course of action as would involve a refund. Finally, owing to the emergent nature of the case, it was decided to do the work, the cost of which was estimated at \$425. City Engineer at approximately \$425, any deficit which it may entail in the civic finances to be carried forward to next year.

The Nuisance Ground

Ald. Shepherd reported that, in consequence of some complaints received, the City Engineer and he had visited the Nuisance Ground, and had found it to be run as well as possible, in view of the circumstances produced by the recent unusually wet weather. The sewage disposal works were operating very well, but some woodwork around the valve heads required renewal, and should be replaced by concrete. He had been asked by some people if they could dump refuse at the Nuisance Ground, and he had informed them that jurisdiction in such matters was in the hands of the City Scavenger, with whom they would have to deal. At the same time, he was of the opinion that persons who desired to take the privilege of dumping refuse to the Ground, provided they carried out the Scavenger's instructions.

Report On Municipal Convention

The City Clerk, as official delegate, submitted a report on the twenty-fourth annual convention of the Union of B. C. Municipalities, held at Nanaimo on October 18th and 19th, at which he stated 126 delegates were in attendance, representing 48 municipalities. Eighty-one resolutions were considered by the convention, and Mr. Dunn gave a summary of those which were approved.

On the proposal of Ald. Rattenbury, the thanks of the Council were accorded to Mr. Dunn for his comprehensive and interesting report.

By-Law No. 474, leasing to Mr. A.

BASKETBALL ASSOCIATION ORGANIZES

Interest Shown By Members Of Local Club At Annual Meeting Augurs Well For Future

Leaving a majority of the officials in office who piloted the club through to the most successful season in its history, members of the Kelowna Basketball Association held their deferred annual meeting on Friday night in the Board of Trade Hall, features of the meeting being the large proportion of non-playing supporters present and the important discussions entered into by those present.

A strong executive was chosen, which augurs well for the coming season, as it is expected that there will be many important features to deal with.

Officers elected for the ensuing year were as follows:—Hon. President, Geo. Rowcliffe (unanimously re-elected); Hon. Vice-President, Dr. J. E. Wright (unanimously re-elected); President, Carson McLeod (re-elected); Vice-President, Ruth Rowcliffe; Secretary, Hugh McKenzie; Treasurer, Chester Owen; Executive, Jean McLeod and R. Parkinson.

President Carson McLeod, in opening the meeting, paid tribute to the various officers and members who by their loyal support and efforts had made the season successful, and called upon the various officers for their reports.

R. Parkinson, as Manager, referred to the support obtained from the retail merchants and the public generally, and pointed out that the backing by the public had made it possible to bring honours to Kelowna, as no team could give all that they were capable of giving, unless they had the support of the public at games and felt that the crowd were with them.

Secretary J. G. McKay, in a lengthy report, covered the club's activities during the past season, while Treasurer Hugh McKenzie presented a clear, concise and audited financial statement, which was duly approved.

Election of officers followed, and it was necessary, owing to the inability of Mr. McKay to continue in the office of Secretary, to which he had been again unanimously re-elected, to select another person for this important office. Following considerable discussion, it was decided to appoint Hugh McKenzie, Chester Owen being selected to fill the vacancy as Treasurer, caused by Mr. McKenzie's switch to a new position.

An Advertising Committee, consisting of T. Griffith and W. Newton, was appointed, and R. Parkinson was unanimously re-elected to the position of Manager.

Thanks were accorded the press for their valuable publicity, to Mr. L. R. Stephens, of Sales Service, who kindly donated mimeographed nomination blanks for the meeting, and to the various officers.

The reports of the Secretary and Treasurer covering the club's operations during the past season are appended, and will enlighten any one who was unable to be present at the annual meeting as to the amount of work done by these two officials.

It may be pointed out, that in losing Mr. McKay as Secretary, the club will not be losing his services, as he will continue to carry out the publicity work and in addition to the secretarial work of the local club, the chairmanship of the Interior Playoff Committee, Interior Association Treasurer, and member of the executive of the B. C. Basketball Association, he has carried out during the past year.

U.S. MINISTER TO RUMANIA GETS HIMSELF IN WRONG

BERLIN, Nov. 10.—Dispatches from Bucharest today describe a diplomatic incident as the result of which it is reported Rumania may request the recall of United States Minister Culbertson.

The American Minister, according to the dispatches, left his calling card at the jail for Manolescu, the former Rumanian Under-Secretary of State, whose trial for high treason against the Bratiano government started today. The movement to overthrow the present Rumanian regime and place the former Crown Prince Carol on the throne.

Rumanian governmental and diplomatic circles are said to be highly excited by the U. S. Minister's action and to have asked Washington for an explanation.

WASHINGTON, Nov. 10.—The State Department today dispatched a cablegram to U. S. Minister W. A. Culbertson at Bucharest, asking for information concerning the "diplomatic incident" reported in a dispatch from Berlin.

J. Jones for twenty years, at a rental of \$10 per month, foreshore property owned by the City, described as parcel of District Lot 4083, Osoyoos Division of Yale District, and now occupied by Mr. Jones under short term lease, was introduced and was given three readings.

A cordial vote of thanks for their valuable work was passed to four members of the city teaching staff, Messrs. A. S. Towell, W. J. Logie, C. J. Frederickson and P. O'Connell, who acted as special constables for enforcement of the quarantine regulations during the recent epidemic of infantile paralysis.

The Council adjourned until Monday, November 21st.

SHIPS ON THE WAYS FOR BRITISH NAVY

LONDON, Nov. 10.—There was an echo of the Geneva Arms Conference in Parliament yesterday, when Commander Kenworthy, Laborite, asked the Rt. Hon. W. C. Bridgeman, First Lord of the Admiralty, how many vessels were under construction for the British Navy.

Mr. Bridgeman replied that there were one battleship, twelve cruisers, four river gunboats, six submarines, two mine sweepers, one depot ship, one repair ship, and that in the last twelve months one battleship, two destroyers, one mine layer and one submarine had been completed. He explained that these vessels were all included in last year's programme. None of the ships of this year's programme had yet been laid down, but the matter was now under consideration.

VICE-PRESIDENT'S TEAM WINS ANNUAL GOLF MATCH

Mr. H. N. Gahan Achieves Feat Of Making A Hole In One

Thanksgiving Day, November 7th, was featured at the local golf course by the President versus the Vice-President match, which since the inception of the Club has been an annual event creating a great deal of interest and pleasure. There were seventy-six tied off during the forenoon and the competition, which was singles, resulted in a win for the Vice-President.

Owing to the rain which started at noon, the foursomes which were scheduled for the afternoon were cancelled. The weather, however, cleared later and a large number indulged in friendly games.

An excellent lunch was served by the ladies' committee, at the conclusion of which the trophies for the year were presented by Mrs. Rees, the wife of the President. Mr. W. J. Palmer again very generously presented the club with a large basket of most delicious grapes, which were exceedingly enjoyed and appreciated. The Club is also indebted to Mr. Geo. Dunn for chrysanthemums, which added much to the attractiveness of the tables.

On a large table in the corner of the room were artistically displayed the various cups and prizes won during the year which were awarded as follows: Club Championship, Knox Campbell Cup; R. Rees, runner-up; Ladies' Championship, Collett Cup; Mrs. H. F. Rees, ladies' Captain; Mrs. C. R. Full, runner-up; McTavish Cup, handicapper for ladies; Mrs. Bryce; Mrs. R. H. Brown, runner-up; Stirling Silver, ladies' handicap medal competition; Mrs. R. H. Brown; Mrs. H. F. Rees, runner-up; Hunt Cup, ladies' handicap; Mrs. H. B. Eichel; Mrs. H. F. Rees, runner-up; Ladies' Captain's Cup for higher handicaps; Mrs. W. E. Adams; Mrs. A. McClymont, runner-up; Mixed Four-some Handicap; Mr. and Mrs. H. F. Rees; Mr. McKay and Mrs. P. B. Willis, runners-up; Barnes Cup, four-some for men; F. L. Mitchell and C. Owen; H. F. Rees and J. F. Burne, runners-up; Rees Cup, handicap for men; J. B. Spurrer; R. F. Parkinson, runner-up; Howell Cup, for men, medal play; 26 and higher handicaps; R. F. Parkinson, Juniors' Cup; Andrew Stirling; Peter Loyd, runner-up; Captain's prize, best net score for 72 holes; H. A. Willis, with average of 72. The Fall Eclectic was won by F. L. Mitchell, with a 65, D. Currell and C. Quinn second with a 66, H. F. Rees third for a 67. The lucky tickets on the sweepstakes on the winning side were 9, 24 and 13 and on the loser's side, 28, the holders being R. Willis, W. Witt, W. R. Trench and E. M. Caruthers.

Hole In One Is Scored

Mr. H. N. Gahan had the honour of recording the first hole in one on the Kelowna Golf Course in 1927 and incidentally the first feat of that nature for any one on the sixteenth hole. Mr. Gahan, playing with Mr. St. G. Baldwin in the President vs. Vice-President's match, placed his drive on the sixteenth green, a 172-yard hole, the ball finding its way to the cup without any further effort on his part.

TRUMP SCORER AT IMPERIAL FRUIT SHOW

Okanagan Fruit Wins Six First Prizes And Six Seconds Out Of Seven Classes Entered

Word of the sweeping triumph scored by Okanagan apples at the Imperial Fruit Show in Manchester did not reach us in time for inclusion in our issue of last week, but good news is better late than never.

With two entries in each of six apple classes, the Associated Growers won first and second prizes for McIntosh, Jonathan, Newtown, Spitzenberg and Cox Orange and first for Delicious, thus taking first place in all classes entered.

The Occidental Fruit Co. took second place for Snows and third place for McIntosh, Jonathan, Yellow Newtown and Spitzenberg.

The exhibits made by the Associated Growers were packed under the supervision of Mr. C. W. Little, of Vernon, who had also been responsible for many former successes scored at exhibitions. He modestly assigns much of the credit to his assistants, Miss Agnes Little, of Vernon, and Miss Winnie Fewtrell, of Penticton.

CONVENTION OF FARMERS' INSTITUTES

Several Important Resolutions Passed At Annual Meeting Of District G Representatives

The seventh annual convention of District G of the Farmers' Institutes of British Columbia, held at the Court House, Vernon, last Thursday, November 3rd, was well attended, though not all Institutes in the District were represented. Mr. L. W. Makovski, of Kelowna, acted as chairman and Mr. M. P. Williams as secretary, and the following delegates were present: North Okanagan F. I., Mr. S. G. Hawkesworth and Major A. E. Williams; Spallumcheen F. I., Mr. G. H. Gamble and Mr. E. A. Norman; Trout Creek F. I., Mr. M. Tait; Winfield F. I., Mr. W. R. Powley; Mr. E. C. Shanks and Mr. J. W. Fowler; Okanagan Centre F. I., Mr. G. Gibson and Mr. P. W. Pixton. Letters of regret at inability to be present were read from various departmental officials, including Dr. D. Warnock, Deputy Minister of Agriculture, but Mr. F. W. Kennedy, M.L.A., Mr. E. W. Watts, President of the British Columbia Fish and Game Protective Association, and Mr. R. N. Clerke, President of the Provincial Poultrymen's Association, were not present. A chamber music class was a new departure also decided on.

It was given out that at the 1928 Festival the gold medalist class would be one of the principal features and that the firm of David Spencer, Ltd., would donate a championship cup in connection with it. A letter was also read from His Honour, The Lieutenant Governor, stating that he would be pleased to act again as Patron of the Festival.

The test pieces selected, with a few exceptions, are the same as those chosen for the B.C. Musical Festival to be held next spring in Vancouver and it was arranged that the syllabus would be ready about the end of November. It was further decided that the Mixed Choir, Ladies' Choir and Male Voice Choir Classes would be open to competitors from all Interior points.

Before the close of the meeting, Mrs. B. Lowery tendered her resignation as a member of the General Committee, she being about to leave the city. Her resignation was accepted with great regret, the Chairman, on behalf of the Committee, thanking her heartily for her many past services and remarking that as an enthusiastic worker since the inception of the Festival she would be much missed.

KELOWNA HOSPITAL REPORT FOR OCTOBER

During October sixty-five patients were treated at the General and Maternity Hospitals, a total of 671 days treatment being given. There were four births and four deaths during the month.

The last day of October saw the Hospital transfer to its temporary quarters at Cadder House. The cost of moving and fitting up temporary premises, so as to assure the comfort of every patient, making special provision for heating, cooking, dietetics, operations, etc., has been very heavy. The directors therefore made a special appeal to all those who owe the Hospital to exert a big effort to pay their accounts promptly, so that this expenditure can be met.

The response to the request made by the Courier for fruit for the Hospital has been fairly generous. Several donations of apples were made about the time of the move and, owing to the upturn of the usual routine, the names of the donors were not recorded. The Directors wish to acknowledge with grateful thanks these and the following other donations in cash and kind:

Mr. H. F. Hicks, \$5.00; Hospital Ladies Aid, \$35.00; Dr. Boyce, pears; Mr. E. Snowsell, pears; Mrs. Gaddes, fruit and jelly; Mr. Lewis, grapes; Mr. M. P. Williams, grapes and pears; Mr. London, apples; Mr. Geo. Thompson, tomatoes and jelly; Mrs. Soames, grapes and apples; Mr. Willis, pears; Mrs. G. H. Cross, vegetables; Mr. L. Gaspard, apples; Mr. E. Murdoch, cabbage; Mrs. Hobson, apples, grapes and cauliflower; Capt. O. V. Maude-Koxby, apples; etc.

WILL TRY AGAIN TO CONTROL LIQUOR IMPORTS

OTTAWA, Nov. 10.—Very important intimations bearing upon the question of import and export of liquor were given at the close of a special session of the Dominion-Provincial Conference last night, which lasted until midnight.

The provinces were unanimous in their request for control of the importation of liquor, both where there is a state of semi-prohibition. Likewise there was unanimity in demands for curbing the operations of liquor export houses.

The Federal Government representatives announced that the bill confining to the provincial governments the right to import liquor will be reintroduced. This mooted piece of legislation has already been killed twice by the Senate.

As regards the export houses, an air of despatch was given that, where any province so desires, Customs bonding privileges will be denied to such establishments. Any such policy, if adopted on provincial initiative, will put a very large crimp in the operations of export houses, to which are attributed many of the abuses that have arisen in the liquor traffic.

Another proposal of the provinces was for a reduction in the Excise duties on liquor, in reply to which the Minister of Finance declared that, while the demand for increased subsidies was not quite in consonance with the request for lower Excise duties, the Government was willing to "listen to reason."

Spallumcheen Farmers' Institute: "Resolved, that it is advisable for the Farmers' Institutes to link up with the Canadian Council of Agriculture."

Spallumcheen Farmers' Institute: "Resolved, that the thanks of the Institute be given to the Department of Agriculture for the rebate given to purchasers of stumping powder, and that the same policy be requested to be continued."

Spallumcheen Farmers' Institute: "Resolved, that the Provincial Government be asked to extend the authority of the Committee of Direction to points west of Lytton."

Winfield Farmers' Institute: "Resolved, that the Advisory Board submit to the Agricultural Committee of the Legislature a recommendation that"

MUSICAL FESTIVAL COMMITTEE MEETS

Several Classes To Be Added To Programme For Next Year

A meeting of the District Committee of the Okanagan Valley Musical Competition Festival Association was held at the home of the Secretary, Mrs. H. W. Arbuckle, on Monday, at which all the members of the local committee were present. Mr. C. E. Campbell occupied the chair. The Penticton Local was represented by Mrs. E. M. Martin and the Penticton Local by Mr. G. W. Weaver. Other points in the Valley were not represented, but sent letters regretting their inability to have delegates present.

Considerable work was gone through at the meeting, the composition classes being decided on and it being settled that several additional classes would be introduced into next year's programme in order to make it more interesting and to give competitors better opportunity to display their talents. One of the new classes will be for the pianoforte, the other for the violin. It was also arranged that there would be a class for Junior violin ensemble, which is expected to bring a number of good entries. A chamber music class was a new departure also decided on.

It was given out that at the 1928 Festival the gold medalist class would be one of the principal features and that the firm of David Spencer, Ltd., would donate a championship cup in connection with it. A letter was also read from His Honour, The Lieutenant Governor, stating that he would be pleased to act again as Patron of the Festival.

The test pieces selected, with a few exceptions, are the same as those chosen for the B.C. Musical Festival to be held next spring in Vancouver and it was arranged that the syllabus would be ready about the end of November. It was further decided that the Mixed Choir, Ladies' Choir and Male Voice Choir Classes would be open to competitors from all Interior points.

Before the close of the meeting, Mrs. B. Lowery tendered her resignation as a member of the General Committee, she being about to leave the city. Her resignation was accepted with great regret, the Chairman, on behalf of the Committee, thanking her heartily for her many past services and remarking that as an enthusiastic worker since the inception of the Festival she would be much missed.

BASKETBALL FLOURISHES IN INTERIOR

Reports Presented At Annual Meeting Of Governing Body Forecast Successful Season

Despite the loss of their hall last summer, Kamloops will probably be represented by two or three teams this season, according to the message received by delegates attending the Interior Basketball Association's annual meeting held in Vernon on November 6th. Revelstoke, Salmon Arm, Armstrong, Vernon, Kelowna, Penticton and Summerland were represented, but unfortunately President Irving and the Kamloops delegation were unable to attend owing to the condition of the roads. The Revelstoke delegates encountered trying conditions on their long journey and were late in arriving. Until definite word is received from Kamloops, it will not be known what teams will be entered, but the continuation of the Main Line city in basketball assures the Interior of another successful season. J. G. McKay, of Kelowna, who has been instrumental in the expansion and development of basketball in the Interior to a large extent during the past two years, is endeavoring to extend the scope of competition to other points where basketball is making headway, and eventually the Kootenay, where the game is rapidly coming to the front in winter sports, will probably take part in Interior title playoffs.

Finances Of Association Sound

Vice-President A. Clark, of Revelstoke, occupied the chair in the absence of Dr. Irving, and the Treasurer's report showed that, due to careful financing, the Association was on a sound basis and should continue to be so if a budget was adhered to each year. The total expenses of running the Association, including playoffs between eight clubs, and forty teams, covering a territory extending from Penticton to Revelstoke and Kamloops, ran to the small amount of \$55.00, of which \$10.00 was expended in insuring the eight valuable trophies now held by the Association for Interior championships.

Complete harmony between the clubs, and a readiness to "give and take" was the essence of the report of J. G. McKay, chairman of the Interior Playoff Committee, it being pointed out that the playoffs had been staged to the apparent satisfaction of all concerned.

Reference was also made to the excellent work done by Vice-President Clark, who is also Vice-President of the B.C. body, and through whose efforts the Interior had been able to receive a great deal of consideration at the hands of the provincial association.

Election Of Officers

Election of officers for the year resulted as follows:—President, Dr. R. W. Irving (unanimously re-elected for a third year); Vice-President, A. Clark, Revelstoke (unanimously re-elected); Second Vice-President, Lee McLaughlin, Summerland; Secretary, R. F. Parkinson, Kelowna; Treasurer, Corporal O'Reilly, Penticton; Playoff Committee: South Okanagan, Corporal O'Reilly, Penticton (chairman); North Okanagan, A. McLean, Armstrong; Main Line, A. Clark, Revelstoke.

J. G. McKay, for the past two years South Okanagan representative on the Playoff Committee, and last year's chairman, was urged to retain his dual position as Playoff Committee chairman and Treasurer, but he explained that, as Kelowna had held the South Okanagan representation for two years, he wished to step down and allow one of the other southern clubs to have a representative. Tribute to Mr. McKay's successful term of office, including the treasurership, was paid by the various clubs, it being pointed out that, with Kelowna having so many teams in the final playoffs, the chairman's position was one which required considerable tact and discretion.

Petroleum Coke! WHAT IS IT?

It is crude oil with the gasoline removed. It contains absolutely no ash or other waste. It does not stick in your bin like coal. It is clean, no smoke, no soot, no dirt. It is easy to fire and easy to learn how to fire. It is burned instead of coal or wood in any stove or furnace. It is large, lumpy and bright.

Do not confuse PETROLEUM COKE with coal coke which contains ash.

NOTICE

IN THE MATTER of the Estate of GEORGE WHELAN, deceased. NOTICE IS HEREBY GIVEN that all persons having claims against the Estate of George Whelan, Farmer, formerly of the District of Ellison, near the City of Kelowna, in the Province of British Columbia, who died on the 14th day of August, 1927, are required on or before the 8th day of December, 1927, to deliver or send by prepaid letter post full particulars of their claims duly verified to the undersigned, Solicitors for the Executors of the said George Whelan, deceased, at Kelowna, B. C.

AND TAKE NOTICE that after the last mentioned date the Executors will proceed to distribute the assets of the deceased amongst the persons entitled thereto having regard only to the claims of which they shall then have had notice.

DATED at Kelowna, B. C., this 27th day of October, 1927.
BURNES & WEDDELL,
Solicitors for the Executors,
Joseph Ferman Bell of Ellison,
B. C., and Ernest Leslie Clement and Henry John Hewitson, of Kelowna, B. C.

NOTICE

In the matter of the Estate of Joseph Gabriel Childs, late of Rutland, in the County of Yale and Province of British Columbia, deceased.

NOTICE is hereby given that the Creditors of the above named Joseph Gabriel Childs, deceased, who died on or about the 17th day of September, 1927, are required to send the particulars of their claims against the Estate of the said Joseph Gabriel Childs, deceased, to the Solicitor for the Executor, at the address given below, within six weeks from the date hereof.

AND NOTICE is further given that at the expiration of the said period the Executor will proceed to distribute the assets of the estate amongst those parties entitled thereto, having regard only to the claims of which the Executor shall then have notice.

DATED at Kelowna, B.C., this 10th day of October, A.D. 1927.
T. F. McWILLIAMS,
Solicitor for Lewis Combs Riley, the Executor, and whose address is Parrot Block, Bernard Avenue, Kelowna, B.C.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer"

November 8th, 1927.

Orders for week ending November 17th, 1927:

Duties: Orderly Patrol for week, Lynx; next for duty, Eagles.

Rallies: The Troop will rally at the Scout Hall on Monday, the 14th inst., at 7:15 p.m., in full uniform, without staves, and shorts optional. Full marks will not, however, be given for neatness where shorts are not worn. We wish every Scout in the Troop and every recruit or intending recruit to make a point of attending this rally, for it will be the occasion of our annual weighing-in. The weight, chest measurements and height of each boy will be taken. Records of these measurements in previous years have been kept and it is interesting to compare them with the present ones.

A very deep sympathy is extended to Mr. Ball and Ralph in their very sad and recent bereavement.

With regard to the surprise which we unbought upon the Troop last week, we are indeed glad to note that twenty-three Scouts were not caught napping but alas! twenty-four apparently are soundly sleeping, as we have not at the moment of printing this Column heard from them. One other Scout is only half asleep, as he informed the S.M. that he had read the Column but he has not yet turned in his answers to the ten questions. The three earliest to read the Column were Scout Dick Matthews, at 5:15 p.m., on Thursday; Second R. Morrison, at 5:40 p.m., on the same day; and Scout Dyke Reed, five minutes later. Allowing ten marks for each of the questions correctly answered, we find that Scout Boyce Gades comes first with 88 marks, P.L. Andrew Stirling, second, with 78, and Scout Bill Gades, third, with 75. The lowest marks obtained were 27 but the great majority were in the sixties and seventies. We were pleased that all the Patrol Leaders read the Column.

The questions and correct answers were as follows:

1. What is the Scouts' Motto? "Be Prepared!"

2. What is the Troop's Motto? "Troop First, Self Last!"

3. Name the Troop in our District of Okanagan North? Westbank, Okanagan Mission, East Kelowna, Benaville, Kelowna, Rutland, Winfield, O-yama, Vernon and Armstrong.

4. What do you call the part of the Flag next the pole? Hoist.

5. What knot would you use to tie two dry ropes of different sizes together, and what if the ropes were wet? Sheet bend and double sheet bend.

6. What knot do you tie around yourself and the patient to pull him from a burning building? Bowline.

7. What would you do if, when wearing your every day clothes, including your hat, the National Anthem were played where you were? Uncover and stand at the alert. (Note—The only times the Scout salutes, either full or half, are used when you are not in Scout uniform or to brother Scouts, which of course includes Cubs, Rovers and all their officers.)

8. What law would you break if you allowed your Scout uniform to become soiled, and dirty? 10th: "A Scout is clean in thought, word and deed!"

9. What law are you breaking if you ask for assistance in answering these questions? 1st: "A Scout's Honour is to be trusted!"

10. What is your Scout signature? You draw the Patrol Animal or Bird of your Patrol according to the official drawing of same in our handbook, and off the upper left corner you put down your patrol number and off the lower right corner you put the number and first and last letters of your Troop's name, for instance, our Troop would be "1 Ka."

We wish all Scouts who turned in papers to ask for them back and see where they obtained or failed to obtain their marks.

Black Satin Negligee Is Banded With Gold, Green and Cerise

When the mode demands subdued tones for fall costumes it is a pleasant contrast to use bright colours on negligees and lounging robes.

Here is a negligee of black satin banded with gold and green and cerise satin, making a delightful combination.

The neck has narrow bands, the broad sleeves have slightly wider bands and at the hem the bands are widest of all.

LEST WE FORGET!

THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices And Market Conditions
(From the weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, Nov. 5, 1927.

The Week In Calgary

Clouds overcast the sky this morning and a slight flurry of snow fell. It is cold enough to prevent thawing and threshing is going apace. Over 75 per cent of the Alberta crop is now threshed and Saskatchewan is ahead of this with Manitoba almost finished. Money is beginning to loosen up and a bright outlook for the winter months seems assured.

Business is good. Department stores are having record-breaking crowds attending their harvest sales. The perishable produce market is about normal in relation to goods moving out. Merchants at city and country points are stocking heavily for their winter needs.

The anxiety on the part of wholesalers in buying now is greatly relieved through the assurance of the Committee of Direction that winter apples cannot be bought at a lower price than is now quoted.

Eastern exchanges report a better potato crop than was at first anticipated. There is a good crop on the prairies where potato growing is featured. B.C. potatoes of best quality will be about the only kind that will be in demand on the prairies, at least until the market is fully developed, or in spring. Fair prices should rule in general, as the east will absorb all the western surplus.

Six cars of B.C. potatoes arrived in Calgary during this week, one of them being a car of Nette Gem, Canada A. from Windermere. The jobber handling these remarked: "Just as good as the sample." They are selling wholesale at \$1.90 to \$2.00 per sack.

Celery from the Coast is not holding up well, and quotations from Vancouver, for this reason, do not interest dealers.

The market on hardy vegetables is over-supplied with local-grown stuff. This applies to all prairie points.

The fancy apples displayed in Calgary are all from B.C. They are large-sized, well coloured, and are giving the trade satisfaction.

Calgary wholesale prices were:

British Columbia—	
Pears, d'Anjou, box, Fey., \$3.50	3.75
C grade, \$3.00 to	3.25
Clairgeau, box, Fey.,	3.50
Flemish, box, Fey. and C grade	2.25

Car arrivals from October 29th to November 4th—From Alberta: 3 potatoes, 1 mixed fruit and vegetables, 1 mixed fruit, 2 onions, 1 mixed fruit, 2 bananas, 1 grapefruit, 1 cranberries, 1 lettuce.	

Edmonton

EDMONTON, November 1.—Business is fair. The weather continues fine but cooler. It is ideal for threshing and other farm work.

Apples are continuing to arrive and for the most part are in good condition and quality, although some varieties are lacking to some extent in colour and size. Marks are showing some decay and breakdown.

Ontario grapes have been well cleaned up and, as no more are expected, have made a much better finish than a year ago. The deal has been quite satisfactory.

One car of California field tomatoes has been received and the fruit is good both in quality and condition.

There is very little change in prices since last report.

(Ontario—

Grapes, Niagara, Concord, 6-qt. bskt., No. 1, 70c to	.75

ions. Imported: 1 car oranges (Cal.).	

Regina

REGINA, November 3.—The weather
has turned quite cool with a heavy
snowfall Monday which has disap-
peared at time of writing (Wednesday)
and threshing has been resumed. It is es-
timated about 25 per cent of the grain
remains to be threshed.

The bad weather has affected busi-
ness adversely, although it is wonder-
ful the amount of fruit that is being
distributed. There appears to be con-
siderable money in circulation now that
returns for the wheat crop are coming
in. B.C. winter apples are rolling in
considerable volume.

Wholesale prices;

Winnipeg

WINNIPEG, November 2.—Busi-
ness normal, no rush. Stocks in ware-
houses are fairly light, there being a
good supply of apples in crates from
B.C. and in hampers from Ontario.
Crated winter stock from B.C. going
into storage until the poorer varieties
are disposed of. Some very indiffer-
ent stock being shipped from B.C. in
crates; it is doubtful in some instances
whether the apples will bring the
freight owing to their being so badly
affected with bitter pit in the Graven-
steins, shrivelling in the Wealthy and
breakdown in the Jonathans.

Two cars of barrel apples from Onta-
rio, and two cars of Nova Scotia

ported: 6 bananas, 5 oranges, 5 grapes,
2 grapefruit, 2 lemons, 1 cranberries, 1
tomatoes, 1 sweet potatoes.

Vancouver

VANCOUVER, Nov. 2.—Dull wet
weather has prevailed during the greater
part of the past week.

The apples now in the hands of
wholesalers cover a wide range, every-
thing being now available from Wealthy
to Yellow Newtowns. The move-
ment out is very fair and prices are un-
changed from those quoted a week ago.
The presence on the market of good
baking varieties, such as the Winter
Banana, has stimulated the demand
somewhat.

All stone fruits are now off the mar-
ket, dealing in fruits now being con-
fined to apples and pears and the usual
imported produce from California and
elsewhere.

A few field tomatoes are still on the
market but not in sufficient quantity to
do much harm to the market for the
hothouse product, which is gradually
increasing in price.

There is nothing new in the potato
market. There seems to be a good
deal of hollow heart this year, and
some difficulty is encountered in get-
ting stock fit for export.

OKANAGAN MISSION

The school opened last Tuesday after
an eight-week holiday. Although there
was some talk of continuing with the
summer hours (9.00 a.m. to 3.30 p.m.)
in order to make up lost time, it was
decided by the School Board that this
was unnecessary. Accordingly, until
March 1st, 1928, the school hours will
be as usual, from 9.30 to 3.00 p.m. The
fact that the hours of study will not
be lengthened will necessitate hard
work on the part of both teachers and
children.

We are requested to ask all those
who can give either fruit, vegetables or
flowers to help out with the decorating
of the church for Harvest Thanksgiving
on Sunday, to leave their con-
tributions at the church before next
Saturday afternoon. Also any one who
will help with the decorating will be
very welcome.

Several local fishermen have met with
good luck recently. Mr. H. B. Thom
is among the lucky ones, having landed
two beauties, twenty pounds in all.

Mr. and Mrs. A. G. Bennett returned
on Saturday via Vancouver from a visit
to California. Mr. Bennett reports a
very enjoyable trip.

We are glad to hear that Mr. Price
is up and about again after his painful
accident.

Miss M. Crichton is staying with
Mr. and Mrs. B. E. Crichton for the
winter months.

Miss B. Freeman left on Friday for
the Old Country. Miss Freeman, who
has been visiting Mr. and Mrs. H. C.
Dunlop, will be greatly missed by a
number of friends made during her
short stay in the Mission.

Mr. W. J. D. Walker, who has been
staying in Kelowna for the last two
months as a precaution against the
epidemic, returned to his home last
week.

Some enthusiasts among the juven-
iles of the Mission, not content with
celebrating Hallowe'en in the time-hon-
oured manner, decided to commem-
orate Guy Fawkes Day on Nov. 5th. An
effigy was burned and, as the poet has
it, "cæcique in nubibus ignes, Terr-

The
Institutes
Grow

Pacific Milk hears with pleasure
of the rapid growth of the Women's
Institutes. Mrs. Murray says
ten new organizations have been
formed in Bulkley Valley, making
130 in the province. Also five new
applications are on hand. This is
an unselfish movement and the
good these patriotic women are
doing is very helpful to British
Columbia.

WINTER STORAGE OF APIARY EQUIPMENT

(Experimental Farms Note)

Preparing the bees for winter and
putting them away in cellar or packing
case is not the only work that demands
the beekeeper's attention in the fall. In
addition to the bees there is a lot of
valuable equipment that requires care-
ful storage during the winter if losses
are to be avoided. The most valuable
asset a beekeeper can have, outside of
his bees, is a good supply of drawn
combs, but if these are not carefully
protected when not in use on the hives,
they may be totally destroyed by ro-
dents or wax moth larvae.

The best method of storing combs is
to place them in supers and then stack
the supers one above the other in tiers
with a queen excluder or inverted hive
cover beneath and another cover on top
of each pile; this will save the combs
from the ravages of rats or mice. To
prevent damage from wax moth, the
supers of combs should be stored in
some unheated building for the winter.
Wax moth will not develop in a low
temperature and 21 degrees of frost will
destroy them without harming the
combs. Any unused foundation is best
wrapped in paper and stored in tight
fitting boxes. Foundation should not
be exposed to low temperatures, as it
becomes very brittle when cold and is
easily broken.

Other equipment, such as hive bod-
ies, supers, floor boards, covers and
empty frames, should of course be stored
under cover where it is convenient
to do any work that is necessary to
them during the winter. The extrac-
tor, honey tanks, capping melter and
honey pump should be thoroughly
cleaned and kept in a dry place for
winter to prevent rusting, etc. Proper
care and storage of equipment when
not in use retards deterioration and re-
duces cost of production.

POPPIES FOR REMEMBRANCE

The benevolent work of the Kelowna Branch of the Canadian Legion on be-
half of comrades who experience mis-
fortune or sickness is financed largely
by contributions from members of the
organization, supplemented usually by
three additional sources of revenue, the
sale of poppies on Poppy Day, the col-
lection taken at the annual Armistice
memorial service and the net proceeds
of the annual Armistice Dance. On
account of a fresh outbreak of infantile
paralysis a few miles from town, it has
been necessary, as a precautionary
measure, to cancel the dance, which
was advertised for Friday evening, No-
vember 11th, and hence one source of
supplementing the relief fund will be
cut off. Some people contribute through
all three avenues of assistance, some
through one only, and it is timely to
urge that the traditional generosity of
the people of Kelowna be extended on
even a more liberal scale than is usual,
when the lady friends of the Legion
sell poppies on the streets next Satur-
day.

The scarlet flowers, which to many
will bring poignant memories of the
fields of Flanders, are made by dis-
abled veterans incapable by reason of war
wounds of any heavier work, and the
proceeds of their sale will not only
bring comfort to these men who have
given all in their power for their coun-
try but will also aid many a deserving
veteran, temporarily the victim of hard
luck through lack of employment or
illness. Canada's debt to those who
have fought and bled for her can never
be discharged in full, but the people
in general have it in their power to
show that year by year they do not
forget and that they will not permit
any of their veterans to suffer the
stings of poverty and hardship.

ENTRIES FOR B. C. WINTER FAIR

All Entries Must Be Made Before
November 30th

Intending exhibitors at the Winter
Fair, to be held at Vancouver on Dec-
ember 7, 8, 9 and 10, are reminded that
all entries must be made with the Van-
couver Exhibition Association, Hast-
ings Park, before November 30th.

There will be splendid exhibits of
heavy horses, beef and dairy cattle,
sheep and swine. Entries are reaching
the Exhibition offices in goodly num-
bers for these sections, but there is
still plenty of room for more.

The Provincial Poultry Show will be
held under the auspices of the Van-
couver Poultry Association, and entries
should be made with Wm. Kinsey, Se-
cretary. There are dressed poultry sec-
tions as well.

The Rabbit Show promises to be an
excellent one, and the International
Fox Show is anticipated to be the big-
gest ever held in the West.

Competitors are requested to take
particular notice of the great National
Apple Show contests, as well as the
Seed, Potato and Field Roots Fair.
Chrysanthemum and cyclamen entries
are expected to be very large.

The entertainment in the Horse
Show Building each evening will be of
the highest class, and auction sales will
also feature the Fair.

Prize lists will be mailed on request.

GREAT WAR FROM UNUSUAL ANGLE

Greater Part Of Action In "Barbed
Wire" Is Behind The Lines

Cast in a role that displays to the
highest advantage her talent as a great
emotional actress, Pola Negri will be
seen in "Barbed Wire," at the Em-
press Theatre on Wednesday and
Thursday, November 16th and 17th, as
a woman who loves a man so fiercely
that she gives up father, home and
country for him.

"Barbed Wire" is one of the most
unusual motion pictures to come out of
the Great War, since it deals with an
angle of the conflict hitherto untouched
by motion picture producers, life behind
the battle lines. It was adapted from
Hall Caine's novel, "The Woman of
Knockaloe," considered in many circles
as the war's greatest novel.

Miss Negri is the role of Mona, a
Normandy farm girl, who is irresistibly
attracted to and forced, in spite of all
instinctive hatred, to love a war-time
German prisoner, reaches the sublime
heights of her dramatic art, and she
displays all the subtleties of acting that
have made her famous. Her transition
from the naive farm girl to the mature
woman with the entire responsibility
of the farm on her shoulders is par-
ticularly fine and convincing, while the
struggle between her all-embracing hat-
red of the entire German race and her
particular love for the German prisoner
Oskar is shown with admirable reser-
vance.

The opening scenes of the film in
their sheer beauty are reminiscent of
Corot. The Normandy countryside is
bathed in soft sunlight, and there is
the happy bustle of harvest. And then
into the idyll breaks the roll of drums.
War has been declared and mobiliza-
tion is ordered. Of the actual front,
however, only a few brief flashes are
shown, for the picture concerns itself
with the life of the people behind the
lines.

In an effort to cope with the worst
enemy of British Columbia shipping, an
experiment is to be made by the Neon
Gas Company for the Department of
Marine and Fisheries at Jericho Beach,
near Vancouver. A test will be made
as to whether a very powerful red light
placed there will pierce fog sufficiently
to be of aid to shipping entering En-
glish Bay, and if this proves the case
similar lights will be installed at Ac-
tive Pass and other points along the
B.C. Coast.

OKANAGAN CENTRE

The annual meeting of the Badminton Club was held at the Community Hall at 4.30 on Saturday afternoon. Mr. Hare, President, and Mrs. Glead, Sec-
Treas., who have held office since the
organization of the club, declined re-
election and the president's chair will
be filled the coming year by Mr. Ven-
ables. Mr. Gibson was elected Sec-
Treas., and Mrs. Glead, Mr. Hare and
Mr. Rheam will form a directing com-
mittee.

After the routine business was con-
cluded, the meeting went into commit-
tee to discuss the desirability of en-
larging the Hall, which is at present
too small for a full-sized badminton
court. A committee was finally appoint-
ed to go into the matter of expense and
method of financing and to present the
subject to the annual meeting of the
Hall Association. Messrs. Caesar, Gibson
and Williams will serve in this
capacity.

The school resumed work on Tues-
day morning and following the after-
noon session the pupils were agreeably
surprised by the teacher, Mrs. Parker,
who invited them to her home to cele-
brate the tenth birthday of Frank
Parker, and a jolly party followed.

Work of the Women's Institute is
being resumed after a vacation of two
months, a meeting being called for
Thursday, the 10th. Arrangement
for Christmas festivities is posted for
discussion.

A. C. Pixton left on Tuesday morn-
ing for Vancouver, expecting to go on
after a few days to Corvallis, Oregon,
where he will enroll as a student in the
College of Electrical Engineering.

Fruit packing operations are finished
for this season at the Associated pack-
ing house and at the Rainbow Ranch.
The Okanagan Valley Land Co. is still
going strong with twelve packers at
work. The two former houses, which
are both in the Association, have pack-
ed approximately ninety cars this sea-
son.

Miss Kingston, for forty years at-
tached to the China Inland Mission
Society, and who has served in the
province of Szechuen, near the Tibet
border, for thirty-eight years, has
been a guest at the Westbury Hotel
for a week, returning to Penticton on
Monday last. While here she was pre-
sented to speak of some of her ex-
periences before the Women's Insti-
tute, at the home of Mrs. Maile, last
Friday afternoon. It was very interest-
ing to hear of their method of taking
the gospel to the inhabitants of this
inaccessible country and "getting it
across" by means of a cure for the
hook-worm disease, which is very pre-
valent there.

While not a physician, Miss King-
ston is skilled in nursing and the use
of certain remedies, and impresses one
as a devoted follower of the Master.

The annual meeting of the Commu-
nity Hall Association will be held at the
Hall on Saturday evening, the 12th, at
8.00 p.m. It is hoped that a large
membership will be present.

GLENMORE

Mrs. Barnes, who spent the summer
with her friend, "Grainne Reed," at
the home of Mr. and Mrs. G. H. Wat-
son, has returned to her home at Leth-
bridge, Alta. Mrs. Watson and Miss
Ella Reed accompanied her to Ver-
non.

Owing to the continuous rains, it has
been considered advisable to lower No.
1 Dam to 24 feet of water.

Mr. J. N. Gushing returned from a
successful hunting trip at Nahon on
Tuesday. He brought down a deer
while there. Five deer had fallen prey
to the four sportsmen there, when he
left.

The Harvest Thanksgiving Service
was held on Sunday morning. The
decorations were under the supervision
of Mrs. E. E. Britton, and the School
looked very bright in its autumn tints
of leaves and flowers interspersed with
fruit, etc. A good congregation was
present.

The Community Guild meeting was
held on Tuesday afternoon at the home
of Mrs. S. Pearson. There was a good
attendance. Arrangements for the
Annual Fall Tea and Sale of Work,
on Thursday afternoon, November 24th,
were completed. Watch for announce-
ment in Courier next week.

Mrs. R. W. Corner and baby daugh-
ter returned on Monday from a lengthy
visit to the Coast.

MARVELLOUS PICTURE OF JUNGLE LIFE

Wild Animals Appear By Hundred
In "Chang"

A marvel of moving picture photo-
graphy is the wonderful picture
"Chang," which comes to the Empress
Theatre on Friday and Saturday, Nov-
ember 18th and 19th. There have been
films in the past which dealt with the
wild life of the jungle, but "Chang"
transcends them all in its vivid action
and in the number of wild animals
which appear in it. Its theme is ele-
mental—the conflict of man against his
implacable foe, the jungle, and the hos-
tile beasts sheltered by its luxuriant
foliage.

Merian C. Cooper and Ernest B.
Schoedsack spent twenty-two months
in the remote interior of Siam making
the production, and they constantly fac-
ed death—not only from the tigers, ele-
phants, leopards and snakes, but from
cholera, which took the lives of seven
native members of their expedition.

As the protagonists of man in his
eternal fight to wrest a living from the
wilds, the producers chose a typical
Siamese family, a man, his wife, their
two children, household pets, and Bin-
bo, a monkey, and the photoplay is ut-
terly different from any jungle picture
ever made before, in that, although fer-
ocious animals are the principal actors,
it contains a basic plot, skillfully em-
brothered with the conventional drama-
tic forms of sympathy, struggle, men-
ace, tragedy, pathos and exceptional
comedy furnished by Binbo.

The Story
In the jungle, far from any other
human habitation, is the crude hut of
Kru, mounted on stilts, where Kru
dwells with his family, his pet monkey,
his dogs, goats and pigs and his patient
water-buffalo, which he uses for the
heavy work.

The constant menace of the wild
beasts of the dark jungle which sur-
rounds Kru's abode asserts itself when
a leopard leaps over the stockade in
which his goats are kept and devours
one of the animals. Kru sets a deadfall
trap for the leopard, which returns the
following night for another victim and
is caught, Kru finishing it off with his
rifle.

All is quiet for a few days. Then the
water-buffalo wanders off into the jungle
and becomes the prey of a huge
tiger. Aroused at this repeated activity
of his animal enemies, Kru journeys to
the nearest native village and assem-
bles twenty or more stout warriors for
an expedition against the jungle beasts.
Innumerable traps are laid and the na-
tives begin a mighty hunt. Many beasts
are slain or captured, and once more
the jungle is quiet.

On the way home, Kru and a hunter
companion are chased by the biggest
tiger of all and Kru has to scramble
madly up a tree to save himself, but the
tiger is bagged eventually by his friend,
who recovers his courage.

Last of all, the elephants enter upon
the scene. Kru captures an elephant
which has destroyed his rice crop, and
he ties it up with the intention of do-
mesticating it to replace his lost water-
buffalo, but the giant mother of the
beast arrives in search of it during the
night and utterly wrecks Kru's hut.
The man and his family narrowly es-
cape with their lives and flee to a new
by river, seeing evidence on the way
that a huge herd of elephants is near.
Paddling to the nearest village, Kru
warns the chiefs that the Great Herd
of elephants, four hundred strong,
which has not been on the march since
the days of Kru's grandfather, is on
the way. The chiefs laugh at him, but
next night the elephants wipe the vil-
lage off the face of the earth, killing
all the domestic animals and threaten-
ing the lives of the people.

Kru organizes a great hunt to round
up the elephants and drive them back
into a giant corral built by a picked
crew of men. The hunt takes several
weeks, but eventually the elephants are
penned in, despite their terrific efforts
to get out. Finally quieted down, they
are placed in stocks and gradually do-
mesticated for the use of the natives in
cultivating the soil.

Kru takes an elephant, goes back to
his rice patch and rebuilds his home,
and there the picture leaves him, quiet
and contented. But the menace of the
jungle still fills the scene. Today, to-
morrow, next year, Hell may again
break loose.

For the jungle is older than man and
will always strive to conquer its puny
overlord.

BRITISH COLUMBIA ORCHARDS LIMITED, SPRINGDALE FARM, LIMITED. 9-1c

Warning!

On November 8th, there was a case of Infantile Paralysis at the Mission (Bennoville). Mission Creek School and Okanagan School are closed.

Children living in the K.L.O. District are not allowed to cross Mission Creek Bridge.

No public meetings or dances will be allowed in the district from Rutland South to Okanagan Mission until further notice.

People are advised to boil milk. In case of even slight illness of children, report at once to undersigned.

G. A. OOTMAR,

Medical Health Officer for the unorganized Districts. 13-1c

Local and Personal

Mr. E. Hardie was a passenger to Vancouver on Tuesday.

Mr. K. Iwashita returned home from a trip to the Coast yesterday.

Mr. W. Ford left today for Sarnia, Ontario, where he will visit relatives.

Mr. T. L. Gillespie left on Saturday for California, where he will spend the winter months.

Mrs. A. Hardy and Miss Ellen Hardy left on Monday for Toronto en route for Niagara Falls, where they will visit relatives.

Mr. J. E. Reckie left today for Vancouver to attend a meeting of the Executive Committee of the British Columbia Fruit Growers' Association.

Mr. F. Shaver left on Monday for Summit Lake, north of Prince George, where he is acting as guide to a party of big game hunters from San Francisco.

Mrs. M. Flynn and sons arrived in the city on Monday from Calgary to join Mr. Flynn here. The family are residing in Mr. McNaughton's house on Abbott Street.

In the City Police Court, on Tuesday, a country resident was fined \$25 and \$250 costs for having been drunk in a public place within the city limits on the previous Saturday.

Messrs. J. H. Broad, A. Rankin, M. Paige, J. N. Cushing and Mr. J. Dunlop, of Vancouver, returned on Tuesday from a successful hunting expedition to Nahuan, where they secured five deer.

Several local fishermen report having caught large trout in Okanagan Lake this week, among them being Mr. J. C. Clarence, who, it will interest others to know, always uses an "otter" bait.

Mrs. T. B. Mathieson and Mrs. J. Anderson and children left on Monday for Vancouver. Many friends in this city of Mr. T. B. Mathieson will be pleased to hear that his health has much improved since he has resided at the Coast.

Mrs. G. A. McKay left on Wednesday for Winnipeg, where she expects to remain five weeks. She was accompanied by her sister, Mrs. J. B. Carter, and baby, who were her guests during the past two months and who are returning home.

Though the activities in the industrial district are becoming gradually less, the main portion of the apple crop having been packed, still many employees are being kept busy in loading mixed cars, mostly apples and small quantities of vegetables, for prairie points, and straight cars of apples for export. Considerable fruit is also being placed in storage. The Dominion and Occidental canneries are also running and between them furnishing employment for about one hundred and thirty hands.

The Study Club will begin the season's activities on Monday, November 14th, when Mrs. Fred Day will read a paper on "The Literature of the 19th Century." The subjects for study throughout the winter will be "Life and letters of great men and women of the 19th Century." The Club is beginning its fourth season. Each winter some phase or period of literature is studied; the only requirement of anyone wishing to attend is interest in this group study.

Outside of the fatal case on Tuesday in the Ramponi family, there have been no fresh outbreaks of infantile paralysis in the Mission Creek School District, but Dr. G. A. Ootmar, Medical Health Officer for the unorganized districts, has closed the Mission Creek and Okanagan (Bennoville) Schools temporarily as a precautionary measure, and has also placed a ban upon children resident in the K.L.O. district crossing Mission Creek bridge and upon public meetings and dances throughout the district from Rutland south to Okanagan Mission.

During the week from October 30th to November 5th, inclusive, the Kelowna Growers' Exchange made the following shipments: to prairie points and Eastern Canada, twenty-four cars of mixed apples, three cars of mixed apples and vegetables, one car of Spy, two cars of Delicious, one car of Jonathan, and one car of onions; to B.C. points, one car of mixed fruit and vegetables, three cars of onions, one car of Jonathan, one car of McIntosh, and one car of bulk apples; to the United Kingdom, nine cars of mixed apples, and eighteen cars of Jonathan; a total of sixty-six cars.

There was a good attendance of scholars at both the High School and Public School when they were reopened on Tuesday morning. One effect of the prolonged holiday due to the epidemic of infantile paralysis is that those pupils who ordinarily, through having to work in packing houses and at picking fruit, would have commenced work a great deal later than their classmates, are enabled to start their studies on an equal footing with the rest. The school hours are to be somewhat increased for certain grades, and an effort is to be made to catch up with the time lost without overloading the students with home work.

At the annual general meeting of the Kelowna Scottish Society, held last evening in the Morrison Hall, the following officers were elected for the coming year: Hon. President, Mayor D. W. Sutherland; President, Mr. Jack Burt; Vice-President, Mr. A. Gordon; Secretary-Treasurer, re-elected, Mr. R. Bruce Deans; Executive Committee: Messrs. A. Mitchell, N. Dunn, W. Murray and James Burt. It was decided to postpone the election of the lady members of the Executive Committee till a later date. The Treasurer reported that the Society was in a sound financial condition with a large membership, and it was settled that St. Andrew's night would be celebrated in the customary manner.

"THE LIGHT THAT LIGHTETH EVERY MAN"

Series of Sermons At First United Church Will Re-state Old Gospel In Modern Terms

The first of a series of sermons on the theme "The Light That Lighteth Every Man" will be preached at First United Church, on Sunday evening next, by Rev. A. K. McMinn.

This sermon series is being presented in response to many requests for a restatement of the old Gospel in the language of our modern world. The thought forms in which the Gospel message has been preached in past generations have been shattered by the advance of modern physical science, psychology, sociology and by the historical method of study applied to religious records. For many people the breakdown of the old forms has not been distinguished from the collapse of religion itself, and they have accordingly lost that old spiritual "certainty" and "assurance" which is so vital in religion and which gives the confidence and courage so indispensable everywhere in life. The process has been accelerated by the revolt of youth against an interpretation of Christianity which is in conflict with all that they learn of the universe and of life through high school and college. Young people who are familiar only with the older presentation of the Christian Gospel, thinking that that was the "be all and end all" of religion, have abandoned it entirely when it failed to stand the test of modern knowledge and criticism. Christian parents are much concerned about the attitude of their children to the moral and spiritual truth of Christianity, and not a few Christian workers who were enthusiastic have come to feel too insecure to render leadership and they insist that the ministry of the church reinterpret the old Gospel in the new language.

This series of sermons will present the timeless message of Christ in terms of today so as to give a spiritual "certainty" and "assurance" that surpasses the old and which is corroborated by every established truth of physical science and by psychology, sociology and history in the broadest sense. The first sermon in the series will deal with "The Chaos of Christendom and the Cause."

The subject of the morning sermon will be: "Should the Church abandon Foreign Missions?" This message will bring the work of Foreign Missions before the mind of the congregation at a new angle.

CONVENTION OF FARMERS' INSTITUTES

(Continued from page 1)

the personal property tax for school purposes be abrogated by amending legislation at the coming session of the Legislature, also that all real property outside existing school districts pay a school tax of four mills, as was recommended last year by the School Survey Commission. The Farmers' Institute: "Resolved, that the fire arms licence for farmers enabling them to shoot game on their own land be extended to include a right to shoot on adjoining land, as former regulations allowed." Okanagan Centre Institute: "Resolved, that the Legislature appropriate more of the funds available for road-making and repairs for the up-keep of country roads ever which farm produce must be hauled."

Before the convention adjourned, Mr. M. P. Williams, of Winfield, was re-elected to represent District G. on the Advisory Board and to act as Secretary of the District, Mr. E. C. Shanks, of Winfield, was chosen as the District's Treasurer, and it was decided that the 1928 convention would be held in Kelowna.

Mr. L. W. Makovski left yesterday for Vancouver.

Alterations are being made to the interior of the Royal Hotel.

Mr. O. Jennens and Mr. J. B. Spurrier set a good example to local sportsmen Saturday, shooting no less than nine horned owls.

Two local residents were fined \$10 and \$250 costs each in the Provincial Police Court on Friday for having hunted on enclosed property in the Ellison district.

A fine exhibit of comb honey has been forwarded to Toronto by the Linden Apiaries, where it will form part of the British Columbia display at the Toronto Winter Fair.

Mr. J. W. Jones, M.L.A., and Mrs. Jones have as their guests Mrs. J. E. Wanless and Miss E. Wanless, who were called here by the serious illness of Miss Ruth Wanless, of the staff of the Kelowna General Hospital.

The regular meeting of the Young Women's Auxiliary of the First United Church was held on Tuesday evening, when Mrs. E. O. MacGinnis gave an interesting talk on missionary work. The Auxiliary will hold its fall rummage sale next Thursday.

The funeral of Angelica Ramponi, six-year-old daughter of Mr. and Mrs. Camillo Ramponi, of Mission Creek, who died on Tuesday afternoon, a victim of infantile paralysis, was conducted yesterday afternoon at the Catholic Cemetery by Rev. Father Verbeke.

The regular meeting of the Jack McMillan Chapter, I.O.D.E., was held on Tuesday afternoon at the home of Mrs. O. France, when the Secretary, Mrs. Bruce Deans, read an interesting account by Mrs. de Pencier of the proceedings of the national convention of the organization, held recently at Winnipeg. The members present were informed that some contributions had already been received towards the fund for the Jack McMillan scholarship at the University of British Columbia, but as more would be needed they decided to try to make talent money with the idea of increasing the fund as much as possible. Some of the members brought with them their donations towards the Kaiser-i-Hind Chapter, India. Visitors present were Mrs. A. J. Finch and Mrs. Lloyd Day.

OBITUARY

Mrs. Emma Mary Ball

While the event was not unexpected, a host of friends throughout the community were saddened by the news that Mrs. Emma Mary Ball, wife of Mr. Joseph Ball, had passed away early on Thursday morning, November 3rd, after months of illness from an internal ailment.

Daughter of Mr. T. H. Andrews, Mrs. Ball was born at Inverness, Quebec, on November 8, 1870, and moved to Alberta in 1885 with her parents, who located about twenty miles southeast of Calgary. She taught school for a few years in Alberta, and then took a course at the Presbyterian Ladies' College, Toronto. She was married on January 1st, 1901, to Mr. Ball, who was then Presbyterian minister at Okotoks, Alberta. The couple moved to Trail in October of the same year and came to Kelowna in October, 1903, and ever since then Mrs. Ball had been a highly esteemed and valuable member of the community. She was very active in all church work and was a member of the choir of the Presbyterian Church and later on of that of the United Church. Even after her health broke down, she continued to teach in the Sunday School, and when no longer able to leave her home she taught a Sunday School class of Chinese boys at her residence until quite recently. For many years she also carried on a teacher-training class in Sunday School work.

Mrs. Ball possessed a great influence for good with girls. A Past President of the W.C.T.U., she taught a "White Shield" class at her house. The girls were given instruction in all matters pertaining to life, and the results of her teaching are reflected in many homes throughout the province as well as in Kelowna. She was a natural leader of girls and women and was an enthusiastic advocate of temperance. In recognition of her keen and helpful interest in missionary work, Mrs. Ball was made a life member of the Women's Missionary Society of the United Church. Despite failing health, so long as she was able, she had charge of the Home Department of the Junior Women's Missionary Society. She was also a Past President of the Ladies Aid of the Church.

Two children were born to Mrs. Ball, Flora Mary, whose premature death in the flower of promising young womanhood in July, 1918, was a grievous blow to her parents, and Ralph Henry, who is studying at the University of British Columbia for his M.A. degree. Besides the sorrowing husband and son, she is survived by her father, Mr. T. H. Andrews, of Calgary, and a brother, Mr. J. McK. Andrews, and sister, Mrs. Alice Shattuck, both of DeWinton, Alberta.

The funeral service was held in the First United Church at 2.30 on Friday afternoon, when the building was filled almost to capacity by a gathering of friends of all denominations. Rev. A. K. McMinn officiated and he paid a most eloquent tribute to the Christian virtues of the departed, which moved many of his hearers to tears. The floral remembrances were beautiful and the casket was covered with them.

Many accompanied the cortege to the Cemetery, where prayer was offered at the graveside by Rev. Mr. McMinn and Ven. Archdeacon Greene pronounced the Benediction. The pallbearers were Messrs. J. W. Jones, M.L.A., C. W. Faulkner, G. A. Meikle, Geo. S. McKenzie, J. N. Thompson and W. R. Trench.

In order to protect public highways from damage during the coming winter the Provincial Government has issued orders that on first class roads the maximum gross weight of vehicle allowed will be 20,000 pounds; and on the second class, 14,000 pounds; and on the third class, 10,000 pounds. This regulation will be in force until next April.

Officials of the British Columbia Teachers' Federation are planning a strike to drive to secure legislation under which municipalities in the province will be obliged to grant superannuation allowances to any members of the profession employed by them for a definite number of years.

A mining deal of great importance to the Grand Forks district was completed last week, the bonding of the Union and Maple Leaf mines in Franklin Camp to United States capitalists for \$185,000. Development work on a large scale will be commenced on those properties immediately.

His wife was not to know

A WHOLESALE drygoods merchant was anxious to insure his life to protect his wife, but stipulated that she was not to know, because she did not like the idea of entering into a contract by which she would stand to benefit by his death.

"I believe it is my duty to protect her," he said, "whether she agrees or not."

He died, a few years later, and when his widow found she was to have a monthly income from the Mutual Life of Canada for the rest of her days, she burst into tears of relief.

"I used to think of life insurance as 'blood money,'" she said. "But now I see what it will mean to me."

I have found that, while wives may occasionally think as this woman once did, widows never do.

A Mutual Representative is within reach by telephone. Trust him with your entire confidence.

The Summerland Operatic Society has decided to produce the old favourite opera "H.M.S. Pinafore" during the coming winter.

A case of considerable interest to members of Farmers' co-operative associations was decided last week in the County Court when Judge Howay dismissed the appeal of the Fraser Valley (Surrey) Farmers' Co-operative Association against its provincial income tax assessment. The appeal was on part of the Association's financial surplus, which it claimed, was used to make a refund to over-charges to its members. Judge Howay stated that the total profit made by the Association was indivisible and taxable and that the claim of the appellants, though ingenious, was unsound.

10.00 to 11.00 p.m.—Frank Ellis and his Hotel St. Francis Dance Orchestra, San Francisco.

11.00 to 12.00 p.m.—Dance music.

It is announced that the Provincial Department of Public Works will soon commence hearings in order to find the most suitable site for the proposed new bridge across the Kootenay River at Nelson. The selection of a suitable position for this structure will not be an easy matter, as, if placed above the city, a lift bridge would have to be built, while, if a site below Nelson is chosen, a very high approach will be required in order to clear the Kettle Valley Railway tracks.

RUTLAND

It was with considerable relief that people learned that the ban on young people under 18 years of age had been lifted and that school could be resumed. The children in the country districts did not suffer the inconvenience that those in Kelowna did, as they had more room to move about in as a rule. It must have been a very trying experience to the latter, as those who have children will realize, and all who have their welfare at heart are glad that the restrictions have been removed and that the boys and girls of Kelowna are now able to stretch their legs once more.

Due to the general ban and the consequent difficulty of getting in touch with people, we have only just heard of the arrival of a baby boy at the home of Mr. and Mrs. Arthur Cross, to whom we offer congratulations. The event took place three weeks ago.

Mr. A. W. Gray has been attending the Scoutmasters' Convention at Vancouver this past week, staying at the home of Mr. and Mrs. T. Money, his wife's parents.

The house and lot just north of the school have been sold to Mr. Tony Bach.

The death took place on Monday of last week of Mrs. E. Lindahl. The deceased lady, who had reached the advanced age of 77 years, came to Canada from Sweden twelve years ago, and resided with her sons for a few years on the prairie. When the family removed to Rutland seven years ago, she came with them. The funeral took place on Wednesday, Mr. Gilbert Thorner, pastor of the Regular Baptist Church, Kelowna, officiating. The deceased is survived by six children.

A meeting of the qualified ratepayers has been called for next Monday evening, November 14th, at the School, for the purpose of electing a School Trustee to take the place of Mr. Ira McClure, who resigned recently.

Her many friends in this district will regret to learn of the serious illness of Miss Ruth Wanless, sister of Mr. Lionel Wanless, who is suffering from pneumonia and scarlet fever at the Nurses' Home, Kelowna.

The Sunday School at the United Church will reassemble next Sunday morning.

Mr. George Muford is home on a two weeks' vacation.

Mrs. E. C. Cumming's son Alfred met with a nasty accident on Friday afternoon, as a result of which he will be confined to hospital for several days.

What is practically a modified form of the platoon system now in operation in many city schools has been introduced into the Rutland School by the Principal, Mr. F. L. Irwin. Only the higher grades are affected by the innovation, which will be watched with interest.

Some of the benefit of those unacquainted with the working of the system, we may say that it consists in certain teachers specializing in certain subjects and teaching them to all different grades instead of taking the ordinary curriculum. Thus, one teacher would take writing or other subjects for all grades, another drawing, another literature, and so on.

BASKETBALL FLOURISHES IN INTERIOR

(Continued from page 1.)

where the home club were in a position to guarantee a reasonable proportion of the expenses of the visiting team the final be played.

Some discussion arose on the Senior B. and C. divisions, but it was felt that the Playoff Committee were so fully acquainted with the situation affecting entries as to be able to deal with the situation.

Another trophy, the Bessie Seaton Cup, was added to the collection of silverware to come under the jurisdiction of the Interior Association in accordance with the wishes of the donor, the cup will be open for competition to teams of girls attending public schools, there being no age limit as long as the players are registered pupils of public schools.

Presentation To Retiring Treasurer
Just before the meeting adjourned, Vice-President Clark on behalf of the Main-Line clubs, Revelstoke, Salmon Arm and Kamloops, made a presentation to J. G. McKay, of Kelowna, in token of their appreciation of his services in the interests of basketball during the past two years. Mr. Clark explained that, as the meeting had been hurriedly summoned, due to a ban having been in effect on public gatherings until a late date, it was impossible to consult other clubs, but that the extensive work done by Mr. McKay, one of the originators of the Interior Association, and who had had the responsibility of controlling the playoffs during trying conditions during the past two years, could not be passed by without suitable recognition.

Mr. McKay, who was taken completely by surprise, stated that what ever had been done by him to the satisfaction of the clubs had been simply in his interest for the game, and that he had endeavoured to carry out his duties at all times with strict impartiality. The recipient also stated that if his efforts had done anything to foster pleasant relations between the clubs and to promote the best interests of basketball in the Interior, he was fully rewarded in knowing that his work had met with approval. However, the gift would be treasured as a memento of two years happy and pleasant relations with basketball leaders in the Interior, and although out of active participation this year, he would endeavour at all times to do what he could to continue the progress of the sport.

Dr. Lloyd Day, Kelowna, was named Interior delegate to the B.C. Association meeting to be held on November 19, and he, together with A. Clark, Revelstoke, present Vice-President of the B.C. Association, will form the Interior's representation at the provincial gathering.

GIRL GUIDE NOTES

Our Commissioner, Mrs. J. N. Thompson, has kindly invited the Kelowna Girl Guides to hold their first meeting at her home on Richter Street (opposite the English Church), on Tuesday, November 15th, at 7.30 p.m. All come in uniform.

The Department of Lands has leased a plot of land near Victoria where forest trees will be grown from seed. Later on the trees will be used to renew timber supplies in various sections of the country, mostly in timber reserves.

FASHION FANCIES

Geometrical Trimming Is Used On Wool Jersey Frock

A two-piece frock for general wear is notable for the unique use of geometrical trimming. Bands of material in different colours are inset in the blouse most effectively.

The blouse also has a narrow leather belt and a small tie, cut from the material.

The separate skirt is plaited and has at the hem a narrow band of dark material that corresponds with the trimming of the blouse.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, November 7, 1907

"A party of eleven, all of the sterner sex, on Sunday climbed the mountain opposite Kelowna and south of Bear Creek. The ascent was made in 2 1/2 hours, some of the Alpinists claiming it could have been done in 1 1/2 hours, had they hurried; and the climbers were rewarded with a magnificent view from the summit, which was still free of snow."

"The boys of Kelowna will have an opportunity to learn military drill and tactics on joining a school cadet corps now in process of formation. Twenty boys have already given in their names as members and no doubt many more will join."

The weather report for September, published in this issue, shows a minimum temperature of 37, and October was also marked by absence of frost and a continuance of mild conditions. Mr. J. Casorso picked second crop strawberries on November 1st, some of which measured 1 1/4 inches in diameter, and second crop wild strawberries were gathered in quantities on the benches and hills during the first week of November. Ripe raspberries were picked on the Chaplin ranch, at Bear Creek, on Oct. 27th, and musk melons and tomatoes were ripening on the vines, untouched as yet by frost.

The new rifle range was opened on October 31st, Mr. Price Ellison, M.L.A., firing the first shot and scoring the traditional bullseye.

At the annual meeting of the Kelowna Curling Club, held on November 1st, the financial report showed the club to be out of debt and with \$62 on hand available for the purchase of stones. Election of officers resulted in choice of the following: President, P. DuMoulin; Vice-President, F. W. Fraser; Secretary, Geo. Rowcliffe; Committee, J. Bowes, T. W. Stirling, Dr. Gaddes, G. A. McKay, E. R. Bailey.

A Hallowe'en concert, given by the Young Ladies' Hospital Aid Society, was a great success, both from a musical and financial standpoint, the proceeds amounting to \$175.00.

In contrast to the present eager demand for any issues of Kelowna municipal debentures, much difficulty was experienced in 1907 in securing a market for the bonds to provide funds for installation of electric lighting and domestic water systems. Three Eastern financial firms, which had been approached, declined to submit offers, and Messrs. Campbell, Sweeney and G. A. Henderson, of the Bank of Montreal,

CANADIAN LEGION

Of The
BRITISH EMPIRE SERVICE
LEAGUE

Members are reminded of the Armistice Commemoration Service, which will be held in the United Church at 3 p.m., on Sunday next.

Members are asked to meet at the Club rooms at 2.15 p.m. so that they may march down to the Cenotaph at 2.30 p.m., to place wreaths there prior to the service. A full turn out of members is hoped for. After the laying of the wreaths the members will proceed to the church to take part in the service.

OKANAGAN ITEMS

A new bridge is being built over Kingfisher Creek, on the Enderby-Mabel Lake road.

It will be of interest to orchardists in the Okanagan to learn that the Canadian Pacific Railway Company has decided to augment its fleet of vessels plying between Montreal and European ports by the building of five cargo boats, each capable of carrying over 10,000 tons of freight. The ships will have special arrangements for ventilation so that fruit can be transported across the Atlantic without deterioration.

The Union Creamery & Dairy Company, Ltd., of Penticton, was incorporated last week.

At the annual general meeting of the Oliver Athletic Association, held last week, the following officers for the coming year were elected: President, Mr. R. W. Smith; Vice-President, Mr. F. Grant; Secretary-Treasurer, Mr. R. King; Committee, Messrs. R. Tait, W. Foster, H. Fairweather and S. K. Fitzpatrick.

who had been interviewed by the Finance Committee of the City Council, gave it as their opinion that the only way in which the debentures could be placed would be by sale to private individuals, and they were unable to hold out any hopes of the Bank advancing the funds necessary to meet costs of construction while a market was being found for the bonds. It was decided by the Council, as prospects of placing the loan in Canada seemed very slim unless a high rate of interest should be paid, to make an effort to dispose of the debentures in England, and a resolution was passed fixing the rate of commission to be paid on the sale at 2 per cent, and authorizing Messrs. E. M. Carruthers and H. J. Hewitson to handle the bonds.

BASKETBALL ASSOCIATION ORGANIZES

(Continued from Page 1)

Report Of Secretary

October 1st, 1927.
To the Officers and Members,
Kelowna Basketball Association,
Kelowna, B. C.
Ladies and Gentlemen:—

In presenting my annual report for the season of 1926, I am probably only repeating a good deal of what I reported given at our last annual meeting and I cannot emphasize too strongly the fact that our past season was even more successful than that of 1925 for practically the same reasons. Due to the prominent part played by our teams in Interior playoffs, and the success attained by our Senior "B" squad, culminating in the securing of the first provincial championship held by Kelowna in basketball, public interest was sustained and increased, but the increase in interest and successful teams made the executive work correspondingly greater.

Through the loyal and generous support afforded the Association by its members individually, the public generally, and the enthusiastic members of the executive, Kelowna enjoyed the most successful season in basketball's history. For the first time, a provincial championship was decided on an Okanagan floor, and through the support of every public organization in the city, and the co-operation and assistance of Interior Association officials, we were able to secure the championship game for our floor, even after it appeared impossible.

The success attained has not been accomplished through individual effort, but by carrying out the essentials to a successful sports organization, namely, the confidence and support of the public, and the hearty co-operation between players, officials, and outside organizations. In this respect during the past two years while secretary I have had the pleasure of working in an executive which for hard work, unselfishness and harmony, I have yet to find an equal. The work of Dick Parkinson, I believe, deserves special mention, for besides the responsibility of manager, he has played on the Senior "B" team, and looked after the enormous amount of detail in arranging transportation, obtaining players leave of absence, and being the instigator of ideas which last season resulted in the secretary writing over 150 letters, and sending a similar number of telegrams, which usually brought results.

One of the factors in maintaining for Kelowna the reputation we have acquired for "playing the game" and having our visiting teams eager to return, has been the example set by our Honorary President, George Rowcliffe, which for sportsmanship and encouragement to visiting teams to feel that their presence was appreciated, has been one which it would be difficult not to follow.

The assistance cheerfully given by players, the support given by the public in attendance, lending cars for trips, and financing when necessary, has enabled the Association to give in return the most extensive and successful programme in the club's history. But for the united backing of civic organizations, the provincial championship would have been played in Nanaimo instead of Kelowna.

Delving into records, since 1923, when the local club had Senior girls' and Senior "B" men's teams entered, we have progressed each year until from holding one Interior championship in 1923, Intermediate girls, we held last year no less than four, Senior "B", Senior girls, Senior "C" and Junior boys, of which the Senior "B" captured provincial honours, with Junior boys dividing the championship with New Westminster.

The progress has been marked by teams in recent years as follows:—
1923—Senior girls, Senior "B" men.
1924—Intermediate "A", Senior "B", Senior girls. No Interior winners.

1925—Senior "B", Senior girls, Intermediate girls, Intermediate "B", Junior boys. Intermediate girls only Interior winners, losing to Chown Felix in provincial final.

1926—Senior "B", provincial champions; Senior girls, Interior champions; Junior boys, Interior champions and joint holders with New Westminster of provincial title; Senior "C", Interior champions. Intermediate "B" lost to Kamloops in final for Interior, Kamloops eventually winning provincial title.

I would point out that Interior teams took all the provincial championships in men's divisions last season, the Coast taking the three girls' divisions.

Last season we played the following games at outside points, with the resultant mileage necessary to travel to these points, and the transportation costs can probably be imagined.

At Penticton	6 games	480 miles
Summerland	2 "	140 "
Vernon	4 "	320 "
Armstrong	2 "	200 "
Salmon Arm	3 "	500 "
Revelstoke	4 "	1,120 "
Kamloops	4 "	880 "
	25 "	3,640 "

These games were Interior playoffs and exhibition fixtures, which brought the opposing teams to Kelowna to give us games on our own floor.

Kelowna's record this year of having five teams entered, all going into Interior finals, four being successful, three in provincial finals, and winning two, is a remarkable achievement for a club which three years ago had two teams without any honours. For a club where there is no coach outside of the team members, and where the teams are all practically composed of native sons, the record is all the more impressive. In the past two years the executive has brought in Coast teams under heavy guarantees, yet Kelowna has not lost a game in their home floor during these past two years to Coast teams. Varsity, Bluebirds, Creamos, Adanacs, New Westminster "Y" and Roving Club are some of the visitors who found we played high class basketball in the Okanagan.

Mention should also be made of the work done by Hugh McKenzie, whose clear and concise way of dealing with the extensive financing has been of valuable assistance to the work of President McLeod, who has left no stone unturned to advance the success of the Association, and whose careful judgment and

LEST WE FORGET !

**POPPY DAY
SATURDAY
NOVEMBER 12**

advice has furthered the smooth working of the organization, and the work of the lady members of the executive, whose attendance at the numerous executive meetings, and the excellent way in which the social and entertainment part of the organization was attended to, are some of the features which have made the Association able to give the public the very best of competition, and to bring to the city a measure of advertising which has been to its credit. Neither should the work of Lloyd Day as girls' coach be overlooked.

There is also one other individual, whose efforts year after year, in spite of the increasing demands upon his time, we have probably become accustomed to taking as a matter of course, is one of the features of Kelowna's basketball, and that is "Bud" Weddell, in whose capable hands is placed the responsibility of handling our games. Mr. Weddell's work last season deserves special mention on account of the large number of championship games he was called upon to handle, and the conspicuous success which attended his efforts. The efficient and courteous service rendered by members of the telephone staff, especially long distance, is particularly appreciated by the secretary.

From our experience last season, there are two points to be borne in mind which may be of use for the coming season, the effective coaching of the Junior team, and the use of a central agent in Vancouver to arrange exhibition fixtures for us. Last year was the first season we have systematically entered into coaching Intermediate and Junior teams, and the work done by Jack Parkinson in coaching the Junior boys enabled Kelowna to win the championship against very strong teams from Salmon Arm and Vernon, both of which received extensive coaching. By having a central agent in Vancouver, it was possible to arrange games with Coast teams without the necessity of wiring or writing until terms and dates were decided upon, a considerable saving being effected in cost of telegrams, and a saving of time in arranging convenient dates. Mr. Gordon Mould, of the Vancouver Daily Province, very kindly consented to act as our representative, and the teams sent up were arranged through his efforts, the visit of the New Westminster Senior "A" Adanacs, 1924 provincial champions, being entirely due to Mr. Mould. In fact, we were able to date up five weeks with a prominent Coast team for each week well in advance, and the only time we failed to stage the advertised game was on an occasion when arrangements for the team to come were made direct.

I would respectfully recommend to the incoming executive that the coaching of Intermediate and Junior teams, and the arranging of Coast teams visits through a Vancouver representative, be continued, in view of the value demonstrated during the past season.

The growth and popularity of basketball in Kelowna has been made possible through the splendid co-operation of players, officials, the Boy Scout Association, the press, "Bud" Weddell and the public, who have supported our efforts to provide clean sport, and to maintain the reputation we have achieved for being good sports, good winners and good losers when the occasion arises.

Respectfully submitted,

J. GORDON MCKAY, Secretary.

BANDITS MAKE BIG HAUL FROM MINNESOTA BANK
IRONTON, Minn., Nov. 10.—Four bandits held up the First National Bank of Ironton late yesterday, locked four men, including three cashiers and a patron, in the vault and fled with \$35,000 in paper currency and silver.

STEAMER IN DANGEROUS POSITION ON B.C. COAST

VANCOUVER, Nov. 10.—Fine weather alone will save the steamship Catala, the Union S.S. Co.'s coast steamer, which is lying helplessly stranded on Sparrowhawk Reef.

A. L. TEETZEL PRESIDES OVER VANCOUVER LIBERALS

VANCOUVER, Nov. 10.—At the most enthusiastic meeting held by Vancouver Liberals in years, Archie L. Teetzel was chosen as President at the annual election of officers, held last night.

Have you seen this wonderful new underwear?

HAVE you seen the WOODS LAVENDER LINE—the new underwear that is delightful so many women?

This underwear was built on an entirely new principle; each garment has been tailored to fit, not made to pull on. Details of finish have received a care that is almost unbelievable; even in the less expensive numbers shoulder straps are of the finest quality—the whole line possesses a charm and attractiveness which you must see to appreciate.

We have WOODS LAVENDER LINE in many interesting materials and the next time you are shopping come in and let us show you.

Pure Botany Wools. Silk and Wools.
Fibre Knit. Wool and Cotton. Jersey Knit.
